Objective

- 1) The purpose of this policy is to:
 - Ensure that development does not adversely impact on the cultural heritage values of heritage-protected places.
 - Encourage the conservation and protection of places of historic heritagesignificance.
 - Define the criteria and method applied to the assessment of applications affecting heritage-protected places.

Scope

- 2) This policy applies to any heritage-protected place, as defined in clause 1A, Schedule 2 of the *Planning and Development (Local Planning Schemes) Regulations 2015*.

Policy Statement

- 3) A general presumption should apply in favour of retaining buildings that make a positive contribution to the significance of the area.

Policy Criteria

Development of heritage-protected places

- 4) The design of new buildings on sites adjacent to heritage-protected places and culturally significant sites shall respect the built character of the heritage-protected place in terms of scale, form, materials and external finishes.
- 5) Alterations and additions to heritage-protected places should not detract from the significance of the place, and should be compatible with the siting, scale, architectural style and form, materials and external finishes of the place.
- 6) Where conservation would be facilitated by a change of use, sympathetic adaptation of the place will be supported.

Demolition of Heritage-Protected Places

- 7) Approval for demolition will require the prior approval of an acceptable redevelopment proposal.
- 8) Demolition of heritage-protected places should be avoided whenever possible and any proposed demolition will require clear justification to be provided by the applicant, via the submission of a heritage impact statement.
- 9) Consideration of any proposed demolition will be based on the significance of the place, and the feasibility of restoring or adapting it, the possible incorporation of all or parts of the structure into a new development, and any potential incentives that can be provided to facilitate its retention, or relevant policy.

Relaxation of scheme or policy provisions

- 10) Where existing buildings are deemed by the Council to either have cultural heritage significance or contribute to the urban character of the locality the Council may, where practicable, seek the conservation or adaptation of such buildings in whole, or in part, by granting relaxations to development requirements under the provisions of Local Planning Scheme No. 2.

Considerations in assessing proposals affecting heritage-protected places

- 11) In assessing proposals affecting heritage-protected places, Council shall require the submission of a Heritage Impact Statement and shall broadly address:
- How the proposed works affect the significance of the place or area.
 - What measures (if any) are proposed to ameliorate any adverse impacts.
 - Will the proposal result in any heritage conservation benefits that might offset any adverse impacts.
 - The level of heritage significance of the place.
 - The structural condition of the place.
 - Whether the place is capable of adaptation to a new use which will facilitate its retention and conservation.
 - The impacts of any relaxations of scheme or policy provisions on the amenity of adjoining properties and the locality.

Legislative and Strategic Context

- 12) This policy operates within the following framework of legislation:
- *Planning and Development Act 2005.*
 - *Planning and Development (Local Planning Schemes) 2015.*
 - *Heritage Act 2018.*
 - *Heritage Regulations 2019.*
 - State Planning Policy 3.5 Historic Heritage Conservation.
 - State Register of Heritage Places.
 - City of Albany Local Planning Strategy 2019.
 - City of Albany Local Planning Scheme No. 1.
 - City of Albany Heritage List (Adopted 2020).

Review

- 13) This policy was adopted on 23 July 2024. This policy should be reviewed every two years, or earlier if required.
