

# THIS IS ROB + ANDREW.

## ASSETS AND INFRASTRUCTURE

**HERE ARE SOME OF THE WAYS ROB AND ANDREW HELP YOU CONNECT WITH YOUR CITY.**

### INFRASTRUCTURE MAINTENANCE

Roads, pathways, bridges, public toilets, boat pens and more, we all use all use this important community infrastructure, and Rob and Andrew work hard to keep them maintained.

### ASSET MONITORING

The City has a lot of assets to look after, like stormwater drains, and Rob uses CCTV to inspect the drains and make sure they are in good order and working efficiently.

### CAPITAL WORKS

Rob and Andrew help cost, design and deliver a range of works projects including the current upgrade of the Emu Point Boatpens and recent refurbishment of the heritage listed Westrail Building.

### HERITAGE BUILDINGS

More than 30% of the City's buildings are heritage listed and it's Andrew's job to make sure these architectural treasures get the specialised care they need to ensure they stand the test of time.
