

THIS IS TAMMY.

SENIOR COMMUNITY DEVELOPMENT OFFICER

HERE ARE SOME OF THE WAYS TAMMY HELPS YOU CONNECT WITH YOUR CITY.

CCTV NETWORK

Thanks to Tammy's behind-the-scenes work, you can feel safer in Albany. She coordinates the City's CCTV network to allow fast response in an emergency and monitor hotspots.

SK8 & BMX PARK

Bowls, quarter pipes, ledges and lines for miles. Tammy knows a bit about skateboarding. She can link you to workshops, competitions and demo events, or direct you to one of Albany's four skate parks.

COMMUNITY PARTICIPATION

Tammy can help you get involved in your community by linking you with local interest and volunteer groups who would welcome your participation.

PLACE FINDING

If you need a place to hold an upcoming meeting or conference, or somewhere new for your community group to meet, Tammy can help. Her team has a long list of local venues.

COMMUNITY HUBS

Lockyer Action Network and Spencer Park Hub know Tammy well. She's helped these groups to plan brighter futures for their communities, and she can help your community hub too.
